It is, however, not merely larger than its predecessor but more comprehensive, easier to navigate, and keenly focused.

## Alexey Brodovitch His Influence

His layouts remain models of graphic intelligence and inspiration, even if seldom imitated, and the artists, photographers and designers whose careers he influenced continue to shape graphic design in the image of his uncompromising ideals. He used only fonts on the covers.

## TomHaganDesign

Brodovitch was like your favorite teacher, the one you loved to hate. My final result includes an SVG circle positioned over my images. Probably the biggest influence was on Irving , one of the greatest portrait photographers in history.

## Alexey Brodovitch. The genius of editorial design

Rodchenko was one of the founders of the constructivist movement.
