100 Great Paintings

Here are 10 of the most sexually controversial works of art. Which are the paintings that really matter, the ones that have accumulated the most prestige and importance over time, the most singular, the most convincing, the most powerful and profound? The first version of Masterpieces has long been a favorite among museum-goers and art lovers.

100 Great Paintings

Firstly, New England collectors never really got into the swing of acquiring vitally important works by modern artists. The goddess Venus is shown to be emerging from a seashell a common symbol of femininity arriving at the shore.

World

The most unique feature of the painting is the layer of pure gold leaf over the usual oil painted layers, adding an especially evocative and almost futuristic feel to the painting as well as the viewer. An expert in the technique of impasto painting, van Gogh used bright and vivid colours to accentuate and add a three-dimensional effect to an otherwise two-dimensional painting.
