But there also was some softening of support. Even though Duterte had been popular in Mindanao before he ran for president, his victory showed that his appeal spanned regions and socioeconomic classes.

officials, they are used to enjoying political freedoms, lively political debates, and competitive elections. Policies should be written in formats that are standardized An important feature that every policy should have is that it must be easily read and understood.

Assessment of Writing

Learning how to write a policy is one thing; actually writing it is another — implementing is yet another ballgame on its own. Because backsliding reflects incentive structures, changed incentives can reverse negative trends. If we, as teachers, can in our syllabus planning, actually take some chapters from different, new and old textbooks, whether of history and the social sciences, language or science on the same theme or topic, do them with children and actually do some critical and creative exercises with those texts, we could create learning opportunities not available by just using one textbook as a textbook.
