## Governing: An Introduction to Political Science

Democracy and Authoritarianism: Principles and Models. Yet, the region constitutes the greatest single reserve of oil in the world, which has made it a regular source of foreign interference in the post-World War II era.

### Governing (1996 edition)

While many modern scholars argue that no particularly meaningful distinction between classical and modern liberalism exists, others disagree. For some scholars, a dictatorship is a form of government that has the power to govern without consent of those being governed similar to authoritarianism, while totalitarianism describes a state that regulates nearly every aspect of public and private behavior of the people. Today, liberalism remains a political force with varying degrees of power and influence in many countries.

## An Introduction to Political Science and American Government

Government is the means by which state policy is enforced, as well as the mechanism for determining the policy of the state. SmartBook Available within Connect, SmartBook 2. The United States has a strong tradition of civilian control of the military.

### People, Power and Politics: An Introduction to Political Science by John C. Donovan

Support for laissez-faire capitalism was expressed by politicians sitting on the left, because these represented policies favorable to capitalists rather than to the aristocracy, but outside of parliamentary politics, these views are often characterized as being on the right. Out of those who have immigrated to the U.
