Lives, liberties, and the public good : new essays in political theory for Maurice Cranston in SearchWorks catalog

To dwell on the claims of the city in the modern nation-state is not to deny that both city and country, human artifice out of nature, are needed to make up the cultural inheritance of a people - though civilisation, as distinct from culture, is strictly an achievement of the city. It represents a permanent risk; and at every moment it is an opportunity, an adventure. Adventure or challenge, obstacle or failure, are always lurking around the next corner.

Lives, liberties, and the public good : new essays in political theory for Maurice Cranston

The Republic of Plato, trans. In such mutual understanding he finds himself not only understood but also justified. Platonic theory demands a better understanding between the city and philosophy.

We must not deceive ourselves.

Lives, liberties, and the public good : new essays in political theory for Maurice Cranston

We do find in Leviathan as in the Elements and De Give a distinction between science and prudence. Science must find some substitute for the natural hierarchy of goods made possible by an alleged highest good.

CiNii 図書

But since the ideology of social justice imposed itself on the collective consciousness towards the end of the last century, great transformations

have taken place in the practices of justice and liberty. In relation to other men in the context of the community, it constitutes a source of original expression.
