**Encyclopedia of feminism (Book, 1986) [me.stfw.info.cdn.cloudflare.net]**

Although speakers must suppress each of their unique differences from others in order to communicate explicitly in regard to their own social positions, the resulting feminine and masculine identifications do not become fixed.

**Encyclopedia of Feminism (0816014248) by Tuttle, Lisa**

Nye indicates that this theoretical development places science above meaningful criticism, and so allows scientific reasoning to be co-opted by authoritarian regimes 1990: 163—171. Following the , women sought greater participation in the workplace, with equal pay at the forefront of their efforts The of 1963 was among the first efforts to confront this still-relevant issue.

Additionally, Chodorow 1978 claims, An increasingly father-absent, mother-involved family produces in men a personality that both corresponds to masculinity and male dominance as these are currently constituted in the sex-gender system, and fits appropriately with participation in capitalist relations of production. Whether or not women reason differently from men depends on what we count as reasoning Verbiest 1995 , and the evidence from psychology and sociology reveals no significantly gendered differences in the mental processes of inference and cognition Fine 2010. Dodson says her work has gained a fresh lease of life with a new audience of young, successful women who have never had an orgasm

**feminism**

Talking Back: Thinking Feminist, Thinking Black. The second stage, the discovery that a philosopher's supposedly universal and objective theories were gender specific, raised the further question of whether or not the theoretical gender bias was intrinsic to the theory or extrinsic to it.
