It is not so much that Geoff Dyer is miles above most essayists, or that his writing age is closer to mine than the greatest of the already Mighty Dead, or even that his personality shines on brighter than, for sake of argument, another favorite writer of mine named Lee Klein. Frye describes this rhythm as associative rather than logical and is the stuff of dreams and the subconscious. The notion of form and perhaps Fryes literal phase relies heavily on the assumption of inherent meaning within the text - a point contested by deconstructionist critics.
