Leonardo's Notebooks by Leonardo da Vinci

Every year brings new challenges and a new sense of resolve. We embark upon this year with a terrific sense of excitement, as the plays we have lined up for you hold a tremendous amount of promise.

Notebooks

The piece is comprised entirely of language from private notebooks that Leonardo kept from 1475 until his death in 1519. Though this discovery was of a fragment only--but a considerable fragment--inciting me to further search, it gave the key to the mystery which had so long enveloped the first origin of all the known copies of the Trattato.

Leonardo's Notebooks by Leonardo da Vinci

These really are working notes, not a manuscript being readied for publication, and Leonardo has no hesitation in adding a personal reminder or practical memo right in the middle of a sheet of mathematical studies. Nevertheless, no other picture of the Renaissance has become so wellknown and popular through copies of every description.

Notebooks

There isn't much information on some of the future machines he envisioned such as flying machines. And the eye is the target, a loadstone, of these images.

The Notebooks of Leonardo Da Vinci, Complete by Leonardo Da Vinci

Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more. And this point always coincides with the point of diminution which is the extreme of all we can see.

The Notebooks of Leonardo Da Vinci, Complete by Leonardo Da Vinci

No reader could find his way through such a labyrinth; Leonardo himself could not have done it. So that I might have some reference to the work that has interested me.

Notebooks

Five stars for the illustrations and the genius of the author. Keep your journals, you never know who might be interested! The reason is that the eye is in itself perfectly dark and since two things that are alike cannot be distinguished, therefore the night, and other dark objects cannot be seen or recognised by the eye.

These rules are sufficient to enable you to know the true from the false--and this aids men to look only for things that are possible and with due moderation--and not to wrap yourself in ignorance, a thing which can have no good result, so that in despair you would give yourself up to melancholy.
