The heat flux sensors comprise two closely-coupled thermocouple junctions with opposing electrical polarity that are separated by a thermal resistor. Having beheld this from afar, he grew stiff with terror by reason of his being alone; but soon recovering his courage, and no place of refuge being at hand, he valiantly withheld the onset of the fiend, who came rushing upon him with a terrible noise, and he struck the axe which he wielded in his hand deep into his body. His decision would not be rendered until 1931.
