## Summer of Betrayal by Hong Ying

Another classic, this time by the Greek playwright Euripides shows the extent of human- and in extension Divine-ruthlessness and goriness. Sexual pretense is part of the face of China, or of any country, that doesn't want you to remember, to ask your parents, to keep asking what happened.

## Beaches, Boys, and Betrayal (Summer #7) by Katherine Applegate

The Margot subplot added nothing to this book, but i'm sure is character development for the series. One woman had spent her childhood wishing her mother dead so she could sleep with her dad.

I'm not as interested in the minu I'm torn by this series. But Winthrop is ready for a scandal, one to rock the foundations of the island and everyone on it.

## **9780307911605: A Map of Betrayal: A Novel**

I really hope we see more of Gabrielle and Franz in the future, and also that Elena actually begins to act like everyone says she is, intelligent quick witted and brave. The actions of the Galt Empire have forced Otah into a position where his role in the Khaiem takes shape.

### **Betrayal**

I loved him and want more!!! There is not the same exactitude in the prose, there is a little too much exposition in dialogue, and at times certain confrontation scenes feel overly dramatic, which detracts from the tension in an otherwise well-paced novel. How often did you meet him? Für mich ist der Klappentext mal wieder eine totale Enttäuschung.

### **Books: A long, hot summer of betrayal**

This one had it all! How do you think they will fare? A Random House - Ballantine ARC via NetGalley I received a free electronic ARC of this historical British novel from Netgalley, Anne Perry, and Ballantine Books on August 14, 2020. Chu seemed to be carried away by his remembrances, growing warmer and chattier as he went on. Her father died in the war leaving her mother open to marry Island royalty, Hugh Fisher.

### **Betrayal**

As a sequel it did improve upon the first, including a fairly complicated plot for a kingdom's succession.
