Buildings Life Cycle Assessment (LCA)

Priority buildings are certain types of buildings in high and medium seismic risk areas that are considered to present a higher risk because of their construction, type, use or location.

Buildings & Construction

The special assessment should only be used as a vehicle to cover those unanticipated expenses or capital or deferred maintenance items not considered in the reserves for the association.

Tender Notice — Detailed Notice: A detailed tender notice comprises of the full tender documents and kept in selected offices for inspection of the intending tenders. If you do so the territorial authority must determine your building to be earthquake prone with the lowest rating and may obtain an engineering assessment and recover the costs from the building owner. This is called uncapping and as a result, the taxable value would change to an amount equal to the assessed value for that year.

Understanding Special Assessments for Condo and Homeowner Associations (HOAs)

It is important to know whether the board of directors has the sole authority to levy special assessments or whether the membership has to approve special assessments. So what is this Notice of Assessment? Identify where and how workers might be exposed to COVID-19 at work. The process you must follow depends on the type of property you own.

Buildings Department

You have 12 months to provide an engineering assessment or other information about your building. The Department of Finance values and assesses your property every year to calculate your property tax bill. Every four years, we mail a Property Assessment Notice to every property owner in Ontario.
