Women and the Law

The admission of women to the bars of the various states, and to law schools, has never before been so deftly documented and distilled. Karen DeCrow Journal of American History Drachman tracks women from their state-by-state contests for admission to the bar in the 1860s to their qualified integration into the profession in the 1930s. The WASP dominance ended when a number of major Jewish law firms attained elite status in dealing with top-ranked corporations.
