Anyone may read the forums, but to post you must.

Fish Curing

I'm now trying to re-balance the taste by storing it in oil.

Pickled herring recipe & how to fillet a fish

I will wait for the results from your experiences. What works good for me is plastic bucket that can fit into a fridge. I have also problems with yeast and want to have healthy food without rice and sugar.

In Great Britain, the United States, Norway, Holland and Russia cold-smoking is customary, but in Germany and Sweden hot-smoking, by which the fish is partially cooked whilst being smoked, is favoured.

Curing herring

I am thinking that sugars cause yeast to over populate in me, like the sugars in milk. How long do you let it ferment before putting in fridge? I cannot get herring anywhere, so I am just dreaming about it. I cannot believe they are so easy to find if I knew what they are used in.
