Enactment of the Internet Tax Freedom Act would make a replay in the electronic commerce industry of the mail-order stalemate highly likely. A prior course in Jurisprudence is helpful, but not mandatory.

Internet Taxation and the States

An influential good-government group of the time, the National Municipal League, developed a model city charter first to promote the idea of the strong-mayor form of government and then, beginning in 1915, to emphasize a more technocratic council—manager structure as an ideal type of municipal reform. Students are encouraged to enroll in this practicum course and the fall semester practicum course Street Law: Criminal Justice and Human Rights. Charters—municipal and otherwise—had long been an instrument of royal prerogative, but concerns of local self-governance edged into their intersection for borough charters.
