**Anneliese Dodds calls for “broader perspective” on green jobs**

But active labour market policies, in particular, are inimical to a party that likes to extol the virtues of the free market.

**Why the labour market won’t return to normal**

The PWA rebuilt 536 school buildings damaged in the Long Beach, Calif. But what happens next to all the millions of employees who will be cast off? Young people are always at the back of the queue. We must now see Whitehall and Westminster pay heed.

**Labour codes to herald new wave of reforms in 2021; job creation likely to be major challenge**

The difference is that whereas the Conservatives were only halfway through their first parliamentary term, Mr Brown must lead Labour into an election by no later than next June.

**A love of labour**

Summary Summary Since 1997, the Government has pursued a number of inter-related policies aimed at reforming the welfare system for people of working age, getting more people into work and reducing poverty. LabourList has more readers than ever before - but we need your support. Speaking via videoconference, the ILO chief noted that this data coincides with World Health Organization indications that Latin America is the current infection epicentre.

**Twitter Icon**

There are elephant traps for Starmer here. But she diverges with the leadership in her view of how to approach one defining issue.

**Britain cannot afford a lost generation**

Low-income families receive the maximum rate, whether they are out of work or in low-paid jobs, and this is paid to the main carer.

## **225 million jobs were lost worldwide in 2020 thanks to the pandemic, report finds**

There will come a point, hopefully in the near future, when the central question in politics today how to manage the pandemic? The truth was, however, that suppressing competition only benefits powerful incumbents in industry.
