He also found two pigeons, which he released. Owls, foxes or dolphins maybe, but not horses. I invite all those who read this work to contact me if they so choose, to further the dialogue concerning the Black Dog and its role in contemporary storytelling.

### **History's Famous Dogs**

Unfortunately Pransky is not without fault as she sheds, but makes up for that with her intelligence. In November of 1997, a plaque commemorating the contributions of Laika and other animals that were studied in the space program was unveiled at the Institute for Aviation and Space Medicine at Star City, just outside Moscow. Gangs called the Rip Raps, the Know Nothings and the Plug Uglies fought pitched battles in the streets and these events were widely reported at the time.

### **Simon Jeans Books**

The first literary dogs I fell in love with were the dogs in the Bobbsey Twins books: Snap, the retired circus dog, and Waggo, the fox terrier. These behaviours are not an attempt by the dog to punish or seek revenge on his owner for leaving him alone. Though rare, black dog transformations do appear, and there is some precedent for them in folklore, a fact detailed below.
