### FETASA TIJUANA

It was restructured in 2014, when it became known as the Fertilizer Association of Southern Africa Fertasa.

### Trump's COVID drug was developed using aborted fetal tissue

Over the same period, its total assets grew by 9. A spokesperson for the SBA List did not respond to follow up questions.

### Ternium, a steel manufacturing company

This refers to 'human embryonic kidney' cells, which are from a different human cell line. There is no lung tissue of an aborted male foetus in the Oxford AstraZeneca vaccine for coronavirus. The drug's potency was tested in a lab using HEK 293T cells, a cell line originally derived from the kidney tissue of a fetus aborted in the Netherlands in the 1970s, said a spokesperson for Regeneron in an email to CBS News on Thursday.

### Fetasa Tijuana SA de CV

Used in the roofs of houses and factories, in the mezzanines of buildings, and in the insulating walls of the most modern offices, our steel products comply with technical standards and certifications that guarantee safety.
