110 Peter Bonde ideas

Since the 1980s, Bonde has participated in numerous solo and group exhibitions both in Denmark and abroad and he is represented in all major Danish art museums including The Danish National Gallery, ARoS, the art museum Trapholt and Esbjerg Art Museum. If those were his aims, Bonde succeeded.

PROFILE

He is also represented at Kunstmuseum Wolfsburg, Germany and in the private collections Elgiz Collection, Turkey and Axa Northern Stern in Cologne. Danish left-winger Freddy Blak is even more scathing.

Put to the right use, this sort of experience could be an invaluable asset to an assembly still trying to find its feet. He is constantly exploring the boundaries of different painting styles and testing new techniques. Han fotograferer forsiderne af bøger fra hans bogsamling på omkring de 6.

The gallery is committed to nourishing the careers of represented artists, while introducing to the general public other significant international artists who have rarely, if ever, exhibited in Sweden. Bonde deltog i udstillingen Kniven på hovedet 1982 ; siden har han arbejdet med både maleri, skulptur, installationer og musik i et opgør med de mest yderligtgående retninger i modernistisk kunst; ved konstante stilskifte udleverer han ironisk fx landskabsmaleriet og minimalismen, samtidig med at han skaber værker inden for disse kunstretninger. So instead of outright opposition to membership — as was his wont in the 1970s and 1980s — he has resigned himself to reforming the body from within.

Peter Bonde: New Works

He photographs the covers of books from his book collection of about 6,000 books, and combines thus the painting with the literary. Gennem sin dygtige fornemmelse for komposition og farve, skaber han fantastisk æstetiske værker. In his native Denmark, where he is the figurehead of the anti-European movement, he is rarely off the box.

We can see the same reflection as in any mirror, in his work but mostly it is covered, by vibrant and explosive brush strokes. Artiklerne er skrevet af forskere og eksperter på dansk. Desuden indgår skriften som en essentiel del af Peter Bondes billedunivers, hvor den sproglige kommunikation bliver sidestillet med den visuelle.
