St Peter Damian Selected Writings on the Spiritual Life Translation with an Introduction

The late Henri Nouwen was a priest, spiritual adviser and writer, and genuine Christian activist who spread the love of God wherever he went. Of course, I don't agree 100% with everything Huxley opines about religion and spirituality, but it's hard to argue with his overall views.

The Divine Within: Selected Writings on Enlightenment: Huxley, Aldous, Smith, Huston: 9780062236814: Books

All the 36 text volumes have been issued. These selections for modern readers form an insightful introduction to the necessity and value of prayer in our lives. A very worthwhile read for those who wish to get a kick start on the writings of Henri Nouwen.

The Way of Saint Alphonsus Liguori: Selected Writings on the Spiritual

In this work, Sri Aurobindo outlines the history of English poetry and explores the possibility of a spiritual poetry in the future. The letters are given in chronological order and cover the years from September 1541 to July 20, 1566, eleven days before Ignatius' death. In this book Sri Aurobindo examines the traditional systems of yoga and provides an explanation of certain components of his own system of integral yoga.

Books by Watchman Nee from Living Stream Ministry

Among Ignatius' many letters, those written to his fellow Jesuits have always had a special place, for in these the Jesuit of today not only finds Ignatius' teaching on the spiritual life, but he also meets Ignatius the man, expressing his affection for and interest in those to whom he wrote.

Domini res gestas narrare laudare est: Hymns of the Liturgica Horarum: ST. PETER DAMIAN Selected Writings on the Spiritual

Life translated with an Introduction by PATRICIA MCNULTY

This beautifully written, lucid collection of writings will not only be of interest to historians, classicists and philosophers but also those interested in nourishing, as Pierre Hadot himself might have put it, a 'spiritual life'. Together with an introduction by the master of Bernard studies, Jean Leclercq, they comprise a volume that occupies a place of special importance in the chronicle of the history of the Western spiritual adventure. None of Ignatius' other writings so ably exhibits the love he bore in his heart for those who chose to walk with him along the path toward Christ than do these letters.

Books by Watchman Nee from Living Stream Ministry

She is given the primary duty in procreation and raising of children, but he has the responsibility to help her in her duties and to help the children make good...; his primary vocation is to rule, and secondary is his role as parent. Hatfield Essential writings of the beloved spiritual writer plus a moving biographical essay by the editor, a friend and colleague.

Selected Writings of St. Ignatius of Loyola

John's writings on a wide variety of topics clearly indicated by headings for each section in an eminently readable translation, with a brief life.
