## Multisensory Structured Language Teaching Fact Sheet

If the student can match the sounds, they keep the pair and have another turn. If you are constitutionally unable or unwilling to do the repetition and drill, find a tutor computer programs can help too who can, and try it for several months before you decide it isn't worth the effort. Give other teams an opportunity to create a new word.

## **Phonics Instruction: the Value of a Multi-**

While multisensory structured language programs vary a bit in what they emphasize, they have many elements in common. Summary: What are the principles of a multisensory, structured language approach? Multisensory teaching of basic language skills. They might move sentences around to make paragraphs.

## **12 multisensory phonics (spelling) activities**

How are you currently teaching phonics in your school? Then have the student use the magnetic letters to practice making words. Erase it Draw a scene or picture on a whiteboard or chalkboard. Humans retain much, much more information and can use it much, much better if it is organized.

10 Multi

When I introduce a new phonogram, students will trace the letters while saying the sound. What is meant by multisensory teaching? Students love exciting and engaging activities that they can easily understand the rules to. This means that each new concept builds upon the concepts that have already been taught.
