They are very helpful for local history or for the history of offences.

## Britain 1486

This arrangement caused some confusion because they decided not to split the records of departments between the two sites, and some modern departments have very early origins. A notable feature of this part of the work is the large number of papal bulls, royal letters, and other documents which it contains.

### **Britain 1486**

The works below are some of the main printed editions, but - as elsewhere - there are many others, particularly local extracts and collections, and of course a huge number of records remain unpublished.
