## Elementary Greek: Year 1 Set

Learning Greek is a difficult task, and the payoff may not be readily apparent. Furthermore, due to its relatively low person-to-person transmission rate, SIV can only spread throughout the population in the presence of one or more high-risk transmission channels, which are thought to have been absent in Africa before the 20th century. Though there is no cure for HIV or AIDS, a person with HIV who receives treatment early can live nearly as long as someone without the virus.

## On

To bad it has annoying advertising on it. Slightly over half the infected population are women and 2.
