6:30-8:30 p. It turns out that when you're totally sleep-deprived and gushing breast milk, even little challenges can throw you into a tailspin.

## Preparing parents for parenthood: protocol for a randomized controlled trial of a preventative parenting intervention for expectant parents

During your third trimester you may want to sleep with a puppy pad or a bunch of towels or an absorbent mat beneath you.

## Preparing parents for parenthood: protocol for a randomized controlled trial of a preventative parenting intervention for expectant parents

They can also wear a wrap and have the child in it as much as they like during daytime hours. However, it is no less important to ensure that your baby is getting regular check-ups at the dentist.

## Parenting and Childbirth Classes

However, do you know when you can give your baby his very first bath? How can you handle household duties? The current laws and recommendations will also be covered.

## **New parents: tips for your baby's first year**

Then the father will be asked to complete the self-report questionnaire as well. It is expected that participating in a group-based preventative parenting intervention has the potential to help new parents adjust to the transition to parenthood more easily by improving parenting confidence, competence, the parent-infant relationship, parent wellbeing as well as reducing baby behavior problems.
