Then I found Borromini and Bernini and the sensuality and dynamism of their forms and I When I was 18 I entered college to study architecture. Borromini was also responsible for the apse and the square campanile which houses Bernini's two Angels 1667-1670 with instruments of the Passion intended for Ponte S.

Bernini vs Borromini: a Baroque Rivalry

Really great read for history, architecture and planning lovers. San Carlo alle Quattro Fontane. The striking brick curved facade adjacent to the church entrance has an unusual pediment and does not entirely correspond to the oratory room behind it.

Bernini vs Borromini: a Baroque Rivalry

Borromini represented the more imaginative and idiosyncratic side of baroque architecture; Bernini remained much closer to the aims and ideals of ancient Rome, both in sculpture and architecture, and his architectural works are sober and classical. San Carlo alle Quattro Fontane

Bernini vs Borromini: a Baroque Rivalry

It wouldn't be surprising to me to learn if Ayn Rand used these two men as a basis for the characters in The Fountainhead though many have pointed to Wright being the basis of Roarks character. Borromini contrasts the oval of the dome with the undulations of the walls, and the exterior curves of the facade are not an exact replication of the interior space.
