Automation

In July 1973 the Army began the Integrated Tactical Communications Systems study to develop a new tactical communications plan.

45 CFR § 95.605

The company struggled with a string of disappointing quarterly performances for a time, and the stock dropped to nearly half of what it had been trading at a year previously before bouncing back. OIG audits focus on NSF's internal agency programs, as well as grants, cooperative agreements and contracts funded by NSF.

45 CFR § 95.605

During the past year, seventy-seven CITA cost studies were scheduled for completion but forty-two were deferred until fiscal year 1980. The impetus to expand the company came from two friends of Golisano, who approached him independently in 1974.

Browse subject: Auditing

Division Directors are NSF executives whose responsibilities include long-range planning, contributing to the achievement of the Foundation's strategic goals and objectives, and providing stewardship for budgetary and other resources.
