## Federal :: Endangered and Threatened Wildlife and Plants; Revised Designation of Critical Habitat for the Northern Spotted Owl

Zone 3 lands would also be available for conveyance to another agency or to local governments, as needed to accommodate community expansion and other public purposes. » This zone is transitional between true bottomland wetlands and upland terrestrial habitats and while associated with water courses, the habitat may extend inland for considerable distances. The necessity for herbicide treatments will depend on the competition of target plants with young conifers.

### Portland (Oregon)

That setting allows your air conditioner to use less electricity to cool the house than if the air conditioning has been off all day, but doesn't shut down altogether. ODF Incident Management Team 3 is leading the firefighting effort. Special Areas Twenty existing areas of critical environmental concern ACECs and two other special areas would continue to be managed in accordance with site-specific management plans Chapter 2-21 Chapter 2 - Description of the Alternatives
