### A Forgotten Art

Finally I sent another, longer letter.

### Reflections of an RSCJ: For each of us there is a desert to travel, a star to discover...

No science is more ancient than that of symbolism. Thus, that there was such a man as Hiram Abif; that he was the chief builder at the temple of Jerusalem; that he was the confidential friend of the kings of Israel and Tyre, which is indicated by his title of Ab, or father; and that he is not heard of after the completion of the temple,—are all historical facts.

### Tribute to forgotten ancestors (poet)

He inculcated lessons of charity and brotherly love; he established a ceremony of initiation, to test experimentally the fortitude and worth of the candidate; adopted modes of recognition; and impressed the obligations of duty and principles of morality by means of symbols and allegories. Oliver thinks it probable that there were a few symbols among these Primitive and Pure Freemasons, and he enumerates among them the serpent, the triangle, and the point within a circle; but I can find no authority for the supposition, nor do I think it fair to claim for the order more than it is fairly entitled to, nor more than it can be fairly proved to possess. Although it was not the way I dreamed of coming and settling here, but it was definitely the hand of God that brought me here.

### The Stubborn Gladness of Elizabeth Gilbert, by Karen Bouris

And lastly, among the Hindus, the three manifestations of their supreme deity, Brahma, Siva, and Vishnu, were symbols of the rising, meridian, and setting sun.

### The Art of Amazement book by Seinfeld

He lays its foundation in a firm belief and an unshaken confidence in the wisdom, power, and goodness of God. After all, one does not discover

new lands without consenting to lose sight of the shore from where one begins ones journey.

If you would like to see a candid, indepth interview with David Morrell conducted by the owner of the Poisoned Pen in Scottsdale, Arizona click this link. Morrell would please many readers by bringing these well written characters back to the page for more crime solving adventures.

#### **How to embrace spirituality to find more meaning in life**

You wrote a review that became its own story and that was the book I wanted and expected to read. From the vulgar eye, however, these doctrines were kept inviolably sacred, and wrapped in the veil of impenetrable mystery.
