**Geological Services Unit (GSU)**

Driedger: Can the minister indicate where patients would go if they are removed from a personal care home or a hospital? Other parties on behalf of the same proposed class of Barrick shareholders filed several other complaints, making the same basic allegations against the same defendants.

**North Dakota Geologic Survey**

March to the parliament to demand 100% renewable in Kutaisi, Georgia. Few changes were noted in the shape of T37S but lava still spattered from its summit vent. Fumarolic activity continued around the crater rim, saddle, and crater walls.

**Surveying**

Williams, Midhurst and Orono, the Air Service with head-quarters at Sault Ste. A Torii gate welcomed us into the serene Japanese Garden. Information is being provided to people.

**Geological Services Unit (GSU)**

During a military tactical exercise we underwent while at the National Defence Academy NDA in October 1981, we were lead by Captain Raj Mehta, now a retired General. The Indigenous perspective involves creationism — not land bridges. The quartz veins are generally brecciated and carry pebble to cobble size chalcopyrite pieces.

**International Symposium on Uranium Raw Material for the Nuclear Fuel Cycle: Exploration, Mining, Production, Supply and Demand, Economics and Environmental Issues (URAM)**

The 2004 exploration program will continue to follow up on mineralization that was outlined in previous years as well as new mineralization that was outlined in 2003. Large black lapilli probably from T23 overlay ash from the other cinder cones, and isolated blocks rested on pahoehoe flows. After spending about 30 minutes at the Bow Lake, we drove off to the Colombia Icefield Discovery Centre to undertake our trip to the

Athabasca Glacier.

### **Day Before Treaty**

A local guide who was near the volcano 7-10 March reported that the air was hazy and smelly and caused chemical burns on his arms after 6 hours of exposure, the only time he had encountered such problems in the previous 3 months.

### **Geology**

Examples include areas along the wave-worn shore of glacial Lake Agassiz, near Pisek in Walsh County and near Hankinson in Richland County.

### **Thunder Lake**

ORGANIZATION In last year's report brief reference was made to the main branches of the Departmental organization and the scope of their administrative routine. Big, fluid, red lava flows were emitted from the spatter cone and traveled E towards T5.
