## Pharmacy in World War II: The Military

Bells jangle when you open the door. Pharmacy at Percy Jones General Hospital, Battle Creek, MI, WWII US National Archives While researching the military medical system for my World War II novels, I read about physicians and nurses, dentists and veterinarians. INTRODUCTION This description is designed to give prospective employers, employment service officials, educators and other interested persons an over-all picture of the technical responsibilities assumed, duties performed, and knowledge and skills acquired by personnel in this rating.

## Pharmacy in World War II: The Military

Assists medical officers in all treatment, examinations, or minor operations.

## Pharmacy in World War II: The Military

Large glass windows boast ads for proprietary medications and candy, and a neon mortar-and-pestle blinks at you. Gives inhalations, ointments, and instills drops. Weber and convinces him to change the prescription.

## US Navy Pharmacist's Mate 2nd Class

In addition she has a novella in WaterBrook. As a result, the average drugstore enjoyed an 80 percent increase in sales during the war.

## Pharmacy in World War II: The Pharmacist

With additional training in specific types of therapy, or in the operation of special apparatus, a PHARMACISTS MATE, Second Class, could qualify for such jobs as ANESTHETIST, MEDICAL TECHNICIAN, DENTAL ANESTHETIST, DENTAL HYGIENIST, MECHANO-THERAPIST, ELECTROTHERAPIST, or NURSE. Washington DC: Center for Military History, 1997. DUTIES PERFORMED Representative duties performed by a PHARMACISTS MATE, Second Class.

**Pharmacy in World War II: Worthen, Dennis B.: 9781481054423: me.stfw.info.cdn.cloudflare.net: Books**

Resources My main source was this excellent, comprehensive, and well-researched book: Worthen, Dennis B.

### **Pharmacy in World War II: The Drug Store**

Metal tins have been replaced by glass jars and cardboard boxes. Among the experiences are those of the Japanese American pharmacists and almost 120,000 others unjustly imprisoned in the most desolate spots of America. The USP guide provides chemical data on each substance.

### **Pharmacy in World War II**

Only pharmaceutical grade ingredients could be used, approved by the USP United States Pharmacopoeia or the NF National Formulary. In fact, less than half of hospitals had a pharmacist on staff.
