A Primer of Jungian Psychology (豆瓣)

The Dynamics of Personality I. Starting as Freud's most famous disciple, Jung soon broke away from his mentor to follow his own lines of investigation and discovery. Their objective is to outline and explain these concepts for the general reader.

A Primer of Jungian Psychology by Calvin Springer Hall

Many of Jung's ideas are now considered fundamentals in the study of the mind, but other, more controversial theories dealing with the psychological relevance of alchemy, ESP, astrology, and occultism are only now being seriously examined.

A Primer of Jungian Psychology (豆瓣)

I found the early chapters incredibly dry and uninspiring, although it does cover the absolute basics - and quite decently.

A Primer of Jungian Psychology (豆瓣)

Starting as Freud's most famous disciple, Jung soon broke away from his mentor to follow his own lines of investigation and discovery. If you are interested in Jung's theory make sure to start with Man and his Symbols and then progress to more theoretically weighted works by Jung.

An inherent end point draws the individual toward itself.

A primer of Jungian psychology : Hall, Calvin Springer, 1909

As a student of Jungian psychology, I found this little book to be most helpful.
