Empowerment for Sustainable Tourism Development

Empowering women to participate fully in economic life is essential to building strong economies; creating more stable and just societies; achieving internationally agreed goals for development, sustainability and human rights; and improving the quality of life of women, and consequently, that of communities. Being far away from the centres of decision-making, mountain

Therefore for this study, the views of local stakeholders became critical to understanding the community processes and perceived individual empowerment within a community field. Tourism Development, Sustainability, and Empowerment.

Sustainable development

UNGA Sustainable Tourism Resolutions The World Tourism Organization is regularly preparing reports for the General Assembly of the United Nations providing updates on sustainable tourism policies both from UNWTO member States and States Members of the United Nations, as well as relevant agencies and programmes of the United Nations system. Threats for the sector are diverse, including direct and indirect impacts such as more extreme weather events, increasing insurance costs and safety concerns, water shortages, biodiversity loss and damage to assets and attractions at destinations, among others.
