Whether it is a question of the age below which a child cannot be held liable for their actions, or the attribution of responsibility to defendants with mental illnesses, mental incapacity is a central concern for legal actors, policy makers, and legislators when it comes to crime and justice. Benefits of donating When you donate a physical book to the Internet Archive, your book will enjoy: Wikipedia citation Copy and paste this code into your Wikipedia page. Bringing together previously disparate discussions on criminal responsibility from law, psychology, and philosophy, this book provides a close study of mental incapacity defences, analysing their development through historical cases to the modern era.

Michael S. Moore, Madness and the Criminal Law

Contents: Cover Page; Title Page; Copyright Page; Dedication; Contents; Table of Cases; Table of Old Bailey Proceedings; Table of Legislation; List of Abbreviations; Part I; 1. Understanding the terrain of mental incapacity in criminal law is notoriously difficult; it involves tracing overlapping and interlocking legal doctrines, current and past practices including those of evidence and proof, and also medical and social understanding of mental order and incapacity. With the same desire to make these exchanges fruitful and known.

Michael S. Moore, Madness and the Criminal Law

Bringing together previously disparate discussions on criminal responsibility from law, psychology, and philosophy, this book provides a close study of mental incapacity defences, analysing their development through historical cases to the modern era.

Manifest Madness: Mental Incapacity in the Criminal Law

Incapsity and Disability: the Exculpatory Doctrines of Insanity and Automatism Of Unsound Minds and Wild Beasts: Insanity before M'Naghten; The Cleaving Apart of Insanity and Automatism; A 'fierce and fearful delusion': Daniel M'Naghten and the Creation of the M'Naghten Rules; Insanity As We Know It: the M'Naghten Rules; The Appearance of a Discrete Automatism Doctrine and the Rise of Disability as a Basis for Insanity; The Persistence of Incapsity: the Requirements of the Doctrine of Automatism; On the Eve of Reform? Whether it is a question of the age below which a child cannot be held liable for their actions, or the attribution of responsibility to defendants with mental illnesses, mental incapacity is a central concern for legal actors, policy makers, and legislators when it comes to crime and justice.
