## Appel à contribution

Alonso and Reinares have found evidence that supports the rationalization hypothesis in their studies of IRA Alonso, 2003 and ETA terrorism Reinares, 2001.

## Functionalism & Functionalist Perspective and Theory

The trend of social movements in America: Professionalization and resource mobilizations. Dès 1967, chez Glaser et Strauss, il est cependant clair que des concepts théoriques peuvent être utilisés au départ de la recherche inductive pour orienter le regard ; certains parlent alors de concepts sensibilisateurs. Because each actor's conception of self its interests and identity is a product of the others' diplomatic gestures, states can reshape structure by process; through new gestures, they can reconstitute interests and identities toward more other-regarding and peaceful means and ends.

## How to Formally Critique Art

As most people in modern societies are dependent on those growth-oriented institutions, the challenge of a degrowth transition also lies in the individual resistance to move away from growth.

## Critical Perspectives On Accounting

In order for the world's population to attain the living standards typical of European countries, the resources of between three and eight planet would be required with current levels of efficiency and means of production. Realism and fear in international relations.

## How to Formally Critique Art

Conclusions This paper has offered some clues which can be used to characterize a social psychological approach to the explanation of terrorism Us deixem el programa de les jornades.
