Vampires: The Occult Truth by Konstantinos

Author wanted to find those who believe themselves vampires, the so called mortal blood drinkers. Besides learning about the psychic vampire that unintentionally drains you of your energy as well as the intentional psychic vampire, you'll learn rituals for protection and methods to avoid falling into their clutches. And if you're looking for genuinely terrifying vampires, you'll need that.

Vampires the Occult Truth

In this book he focuses on vampires. I am so grateful to Jacob and getting my order to me faster than the expected shipping time. I have no reason to think they aren't! Besides, author did make some good points as of why he chose to print those letters and not the others.

Vampires: The Occult Truth

It is as if Konstantinos was with me discussing the topic at hand on a one on one basis.

Konstantinos

The facts about vampires are stranger than anything you may have read, heard, or imagined before. We hope you'll consider
