### World Sustainable Development Summit (WSDS) 2021

When undertaking project preparation efforts, governments must ensure that projects are chosen based on the expectations set by life-cycle cost analysis, assessments of economic efficiency and spillover effects, and long-term fiscal, economic, and sociopolitical implications. Helgenberger graduated in Environmental Sciences at Leuphana University Lüneburg and conducted his master thesis at ETH Zurich on knowledge co-creation among science and society in sustainability transformations.

### SDG 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

We encourage international institutions to continue to provide assistance to debtor countries to enhance debt management capacity, manage risks, and analyse trade-offs between different sources of financing, as well as to help to cushion against external shocks and ensure steady and stable access to public financing.
