Understanding how to read charts and tables of economic data is a critical skill for anyone who wants to be a sophisticated consumer of economic and political news.

### Macroeconomics in Action

Bermanke, the nominee to replace Alan Greenspan at the Fed, has left a paper trail worth studying. The data used in numerous examples is current as of 2015. Also, the monopoly chapter does not go into a lot of detail on the inefficiency and deadweight loss that results from a monopoly.

### Macroeconomics in Action

Each chapter is subtitled and organized by topics. It covers all the topics that most classes would discuss. Controlling Market Power: Antitrust and Regulation X.

### Economics: Principles And Applications by Robert E. Hall

He has also held visiting appointments at the University of Michigan, the Helsinki School of Economics and Business Administration, and the University of Texas at Austin. Grammatical Errors rating: 5 Very few grammatical errors were found throughout the textbook.
