He uses logos, ethos, and pathos to explain and peruse the readers to support his ideas of the government. Henry David Thoreau was born David Henry Thoreau, in 1817, the third of four children of a pencil manufacturer in Concord, Massachusetts. John was a so-called famine ship: Boston-bound from Galway, it was filled with passengers fleeing the mass starvation then devastating Ireland.

## **Thoreau, Henry David, 1817**

In reality, Walden Pond in 1845 was scarcely more off the grid, relative to contemporaneous society, than Prospect Park is today. Unsurprisingly, this thoroughgoing misanthrope did not care to help other people. The book compresses that time into a single calendar year, using the passage of the four seasons to symbolize human development.

## **The Beat of a Different Drum**

Thoreau pioneered the field of ecology and environmentalism by writing about his observations in nature and his philosophies of limiting the role of government. You are my one and only hero!
