by dividing TVC by output, Q.

Determination of Introduction, Factors, Equilibrium etc.

Once TVC is calculated, AVC is obtained

Setting the of a Product: Policy, Determination ,Methods and Strategies

Also keep quantity discounts small, so that you hold something in reserve for when your customers do something extra for you, such as offering you sole supply, or as part of a special promotion.

Pricing Policy: Meaning, Objectives and Factors

The business would choose this approach because the incremental profit of 1 rupee from the transaction is better than no sale at all.

AbilityOne Program Procurement List Pricing Policy (51.600 series)

To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Setting the of a Product: Policy, Determination ,Methods and Strategies

After all, customers are not too bothered what it cost to make the product they are interested in what value the product provides them
