## **Prunus americana**

Some feeding patterns of coyotes in Nebraska. Comments: Many cultivars have been selected for ornamental use in residential and commercial landscapes. Forage Value and Management Big bluestem, highly palatable to all livestock during the spring and early summer, becomes coarse later in the growing season.

## **SELECTION, EVALUATION AND INTRODUCTION OF HARDY WOODY PLANTS FOR THE NORTHERN PLAINS**

Grasses of the Southwestern United States.

## **NMSU: New Mexico Range Plants**

Most common in the southern desert and western plateau.

## **Woody Plant Identification**

Foods of white-tailed deer, *Odocoileus virginianus*, in Martin County, Indiana. Plants vary tremendously in their need for moisture and their tolerance of moisture extremes.
