### The social and emotional development of deaf children

When looking for an expert opinion within any proceedings involving a deaf client, it is important to select the right expert with specialist experience and awareness of deafness.

### Ethics in Mental Health and Deafness

No Conflicts of interest were reported. For deaf people in a largely hearing world, social support is less prevalent. Readers will come to value the complexity of the Deaf community and the importance of individual differences.

### Deafness in Mind: Working Psychologically with Deaf People Across the Lifespan / Edition 1 by Sally Austen, Susan Crocker

It is therefore essential to consider what support and interventions are available for those individuals who do experience mental health difficulties. It might be assumed that they can understand written language, or engaging them in proceedings is as simple as translating the information from English to BSL, but this would be inaccurate. Chapter 16 Paediatric cochlear implantation - Emma Sands and Susan Crocker.
