I will never forget the scene: Landauer, cigarette in his mouth, calling various sources to confirm the information, pounding out the story on his typewriter, and muttering genuinely sympathetic noises about poor Judge Geer who was about to get skewered by his story. In September 1972, a Ralph Nader Study Group at the Center for Auto Safety released the book, *Small — On Safety: The Designed-in Dangers of The Volkswagen*, by Lowell Dodge.

## POWER ELITES & MONOPOLY POWER

Muskie, however, would cut that in half, making the deadline for achieving auto emissions standards 1975, not 1980. Also in 1972, came *The Madness Establishment*, a Nader Study Group report on the National Institute of Mental Health.

A small cottage industry of publisher-worthy paperbacks resulted, some becoming bestsellers, and all with messages that stirred the public policy pot. A policy of non-interventionism -- never really tried on a national scale -- could be the ultimate solution to the problem of coercive monopolies and coercive power elites.

Making it illegal for government to regulate or otherwise intervene in production and trade would be much more effective in combatting political abuses and corruption than any restrictions on campaign financing or other superficial reforms. Paul Austin, head of Coca Cola, an early supporter of Jimmy Carter merely out of concern for the common good? Chu and Sharland Trotter and it found, among other things, that the Community Mental Health Centers Act had resulted in a mismanaged and ineffective bureaucracy.

#### **POWER ELITES & MONOPOLY POWER**

Ralph had decided to do about six or eight teams attacking different agencies... And the quality of the reports that came out was on the whole pretty high. Petersburg Times Florida , April 12, 1971. Regulation proponent Ralph Nader directed his group in an effort to study monopolies and how government supports them.
