Therefore, increasing availability and extended portfolios of clearly labelled halal products can raise awareness among Muslim consumers, cater to existing demands, ease buying decisions and ensure that not only the ingredients, but also the manufacturing process, the supply chain and the financial services used, adhere to standards based on Islamic values and guiding. Major Economic Changes in 1948 Part one of Major Economic Changes in 1948 provides a broad picture of the main economic developments during the year. Most UNWTO Panel Experts expect a rebound in international tourism by the third quarter of 2021 and a return to pre-pandemic 2019 levels not before 2023. The UNWTO Panel of Experts consider travel restrictions as the main barrier weighing on the recovery of international tourism, along with slow virus containment and low consumer confidence.

Issues in foreign investment

But within the development finance world, there is growing concern that something is missing. In the centrally planned economies, growth was restrained by external imbalances and international bottlenecks, especially in the energy and transport sectors. Furthermore, the practical application of risk-adjusted approaches within the businesses can help integrate strategic planning with risk and finance, driving more value at the business-unit level and preparing the company to be more nimble.
