18 Simple Things You Can Do About Climate Change

Talk to your friends, neighbours and colleagues and get them to make positive changes too. In this simulation, however, we can clear those hurdles and look at a best-case scenario for new nuclear capacity.

10 things you can do to help fight the climate crisis in 2020

Addressing climate change will require —there's no magic bullet. Compared with some academic estimates, En-ROADS is conservative in its assumptions for how much carbon-dioxide removal will be possible anytime soon.

20 things we could do right now to reduce climate change and prevent extreme poverty

She has a 4-year degree in meteorological science and actively speaks out against the dangers of relying on fossil fuels.

20 things we could do right now to reduce climate change and prevent extreme poverty

No country is doing enough to prevent dangerous climate change.

Is it too late to prevent climate change?

When it comes to the EU, Luxembourg is one of the best-performing in dropping its share of carbon emissions. Aviation companies are also talking about designing planes that will actually be electric or run on biofuels. While halting new greenhouse gas emissions is critical, scientists have also emphasized that we need to remove them from the atmosphere.

People throughout Canada — and throughout the world — are taking action to help fight climate change.

The 100 Things We Need To Do To Reverse Global Warming

While CFLs were harder to find a few years ago, they're now widely available and much more affordable.

Top Ways to Stop Global Warming

I don't know why we dropped it but I do know the Chinese have picked it up. That represents 20 percent of human-made greenhouse gas emissions and a source that could be avoided relatively easily. Restoring forests already chopped down in Brazil, for example, could draw about 1.
