## Checklist for Analyzing Research Material

Any instructional material should be accessible as well e. First Round of Field Tests The goal of the first field test was to investigate the levels of expertise of typical reviewers and their reactions to the prototype tool. Table of Contents Evaluating Online Resources There are several aspects that you should look for in evaluating online resources.

## 3 The Development of a Guide for Evaluating Instructional Materials

If your source does not contain any of these elements, consider reading the first few paragraphs of the source and determining whether it includes enough information on your topic for it to be relevant.

## Practical Ways of Evaluating Research Material

Summarizing is providing a shorter version of the resource material while acknowledging that your material is based on the information you got from the source. This approach was not familiar to most evaluators, and they therefore benefited from training, including a group 'mock' evaluation, before they began their work.

## Evaluation of printed health education materials for use by low

It formulated a shared set of principles on which the tool would be based, including a goal of fulfilling needs not met by other organizations' efforts.

## Materials Evaluation Process (MEP)

Some indication that Internet source may not be valid is if there is no date, no authors, and seems to be one-sided. Some of the information found will be facts, statistics, opinions, and stories, but not all of this information is reliable or valid.

## Instructional Materials Evaluation Checklist Example

The fourth and last area is efficiency.

### **Evaluating training materials**

To assist districts develop an effective process for the selection of instructional materials, both the and the CCSESA have developed curriculum adoption toolkits. It is largely trainer-led and the activities do not cater at all to different learning styles. Chapter 6 summarizes the discussion in the prior chapters and presents some overarching issues raised by the workshop attendees.
