### Irokesen

Their initial caution proved justified. According to Tooker, the original Iroquois constitution did not involve representative democracy and elections; deceased chiefs' successors were selected by the most senior woman within the hereditary lineage in consultation with other women in the tribe.

### Irokesen

Working together we can end some of the historical misinformation about Native Americans. .

### Marterpfahl und Skalpieren bei Indianern

Violence finally came when five Munsee tribes combined to fight the new Dutch settlements in the Esopus Valley. Für die indianischen Nationen war die folgende Zeit eine Periode nie gekannter Gewalttätigkeit. By 1680 more Mohawk warriors were living near the French at Caughnawaga than in the Mohawk homeland.

### Marterpfahl und Skalpieren bei Indianern

The organization of the League has been compared to the modern-day system of. Summers are cool and pleasant.

### Scraggy (Pokémon)

For the most part, the colonists and Iroquois had lived in relative peace since the English arrival on the continent a century and a half before. The French war with the Iroquois League dragged on until 1701, but the Caughnawaga were instrumental in arranging the terms of the peace treaty signed that year. With the arrival of European diseases came the increase in Haudenosaunee peoples obtaining captives as their population kept decreasing.

### Marterpfahl und Skalpieren bei Indianern

Die Stämme der Irokesen-Sprachgruppe waren in vorgeschichtlicher Zeit vom unteren Mississippi heraufgewandert, folgten dann dem Ohio und stießen bei ihrem späteren Vordringen auf die Stämme der Algonkin. Through conquest and migration, they gained control of most of the northeastern United States and eastern Canada.

Three powers claimed the area: the Iroquois by right of conquest during the 1650s and 60s; the French by right of discovery in the 1670s; and the British since the Iroquois were placed under their protection by the Treaty of Ryswick in 1696. Historiography Previous research, containing the discovery of Iroquois tools and artifacts, suggests that the origin of the Iroquois was in , , near the , where they were part of another group known as the . The main woods used by the Iroquois to make their utensils were oak, birch, hickory and elm.
