 Grow It With: Try a casual plant,

Filesize: 64.59 MB

such as meadow buttercup, for casual appeal in your garden Zones: 3-8 Create drama and excitement in your landscape with fireweed's spikes of glowing pink flowers from midsummer to early fall. Study of viable seeds in various habitats in mixed prairie. Because it grows fast, you'll have plenty of blooms to enjoy in the garden and to cut and use in the house.

prairie

This nitrogen-fixing legume is best known for its incredible adaptability to almost any soil type, which explains why it has naturalized across much of the US. The result was miles and miles of soil with no strong prairie grass to hold it in place, and few trees to block the wind. Leaves and seedpods - cooked as a 'bean soup'.

Species: Poa arida

Ants and beetles and lizards scurry about, birds sing from the bushes and soar overhead.

Prairie Wildflowers: Flower Guides

The plant is a low spreading perennial.
