Conceptual Framework

The guiding principles of the conceptual framework were consistent with the methodology underpinning the study since these were necessarily derived from constructivist paradigms suited to inquiry in the social world of education. Collective action is planned to achieve justice and equality in society. I was cautious about the applicability that my framework has as a set of reference points locating my research within contemporary theorising but concurrent literature Fullan, 1998; Hargreaves, 1998a, 1998b; Sergiovanni, 1998 and the outcomes of my investigation vindicated its usefulness as a set of reference points relative to contemporary theorising.
