The steps are This is an excellent self-help book that I think would be useful for anyone who feels that they have lost their way in life a little. The most appealing thing is the clarity of the message. The long-term political objectives of the royal couple and their closest advisors remain unclear.

### **Flight to the Future**

When you are ready to book domestic flights in 2020, September and August will be your next best months to book January ranked first. I just had to put what I already knew in my mind onto the pages, and it began to flow... Over the next two months I wrote four of the eight chapters — I was flying through it — but then other things came along and slowed me down. This biological design is generous, but lays dormant in many.

### **Your Flight to Happiness: A 7**

The current Covid-19 pandemic has changed our societies. The first step I took was to create a basic outline of my book content by writing my chapter headings, and my second step was to design my front cover.
