**Listen to At Bertram's Hotel Audiobook by Agatha Christie and Stephanie Cole**

Avoid this novel unless you are a die hard Christie fan and have to read all her works I think I liked the idea of this book more than I actually enjoyed it. Not for her the delights of the theatre, galleries or museums, we learn that she loves shopping — a weakness that makes me somehow like her even more... Of course, no visit for Miss Marple can ever be uneventful. In the societies of the past, it would lead to certain, shall we say, questionable situations.

Rutherford, who was 68 years old when the first film was shot in February 1961, insisted that she wear her own clothes during the filming of the movie, as well as having her real-life husband, , appear alongside her as the character 'Mr Stringer'. China, however, refused to show The Body in the Library and Murder Is Easy, due to the involvement of a lesbian and an incestuous relationship respectively. The one murder in this story occurs late as Elvira Blake, who has mentioned fears for her life, is apparently shot at and narrowly missed, only to have Michael Gorman come to her aid, and take a bullet in the chest protecting her.

**At Bertram's Hotel : Christie, Agatha, 1890**

I like old fashioned detective stories most when the motive for the murder is money.

**Admin**

Lansbury's Marple was a crisp, intelligent woman who moved stiffly and spoke in clipped tones.

**Review: At Bertram's Hotel**

I really don't like Miss Marple. Then there is the heiress Elvira Blake, in fact the estranged daughter of Lady Sedgewick, eluding her guardians to make an overnight trip to Ireland to make enquiries related to her estate and to make rendezvous with love interests including race car driver

Malinowski. Quite different from the original material but beautiful nonetheless.

### **1965 At Bertram's Hotel 2**

Forms an attachment to Larry Bird and falls in love with him at the end.
