Flexible Working, Work

Another study estimated that 27% of female caregivers and 18% of male caregivers were identified as having a mental health impairment. Beyond differential exposure to harmful working conditions, some scholars have found that women appear to be less affected by problems at work than men, and have speculated that their identities are not as strongly tied to their employment roles as men's.

Culture of United States of America

Secretarial or low-level administrative jobs are so overwhelmingly female that they have been termed pink-collar jobs. Edge City: Life on the New Urban Frontier, 1991. Of those disabled people who could supplement their allowances with work, many say they are unable to find a job due to workplace discrimination.

Culture of United States of America

. A research based on 7733 respondents who were aged 18—65 and legally married women in 20 European countries showed men and women share less housework in countries that publicly support gender equality.

Flexible Working, Work

Kinship: The Phoenix Rises from the Ashes.

Which are the best countries in the world to live in if you are unemployed or disabled?

Public school education in suburban areas and small cities and towns is usually adequate or excellent. Much discussion is underway regarding China's proposed path toward a welfare state. Dualization and the access to occupational family-friendly working-time arrangements across Europe.

Which are the best countries in the world to live in if you are unemployed or disabled?

Immediate consequences include the need to spend down any assets, which already tend to be lower for less advantaged workers. After the Baby: Work-Family Conflict and Working Mothers' Psychological Health.
